4 May 2011

To all practice principals

Post-dated cheques

During one of the information sharing sessions with dental practitioners the subject of post-dated cheques was discussed and this may have led to some possible confusion.

If a practice is making an application now, it is acceptable to post-date a cheque to 13 May 2011 which is the cut-off date for applications.

It is not acceptable to post-date a cheque to a date later than this and it is definitely not acceptable to post-date a cheque until 31 March 2012.

Thank you again for your co-operation.

Yours sincerely

Hall Graham
Head of Independent Health Care Regulation
