2. Service Details

Registered Organisation/Registered Person: Irene Sloan	Registered Manager: Jillian Campbell
Person in charge of the agency at the time of Inspection: Team Leader	Date Manager Registered: 22/04/2013
Number of service users in receipt of a service on the day of Inspection: 17	

3. Inspection Focus

The inspection sought to assess progress with the issues raised during and since the previous inspection and to determine if the following themes have been met:

Theme 1: Staffing Arrangements - suitable staff are supplied to meet the assessed needs of service users

Theme 2: Service User Involvement - service users are involved in the care they receive

4. Methods/Process

Specific methods/processes used in this inspection include the following:

Prior to inspection the following records were analysed:

- The previous inspection report and QIP
- Incident records
- Records of contact with the agency since the last inspection

During the inspection the inspector met with three service users, four care staff and the Team Leader.

The following records were examined during the inspection:

- Six care and support plans
- HSC Trust assessments of needs and risk assessments
- Care review records
- Recording/evaluation of care used by the agency
- Monthly monitoring reports for January, February, March and April 2015.
- Staff meeting minutes for October 2014, January and April 2015.
- Staff training records:
 - Vulnerable adults 27 May 2015*
 - Staff supervision 22 January 2015*
 - Whistleblowing 25 May 2015*
- Records relating to staff supervision
- Complaints records
- Recruitment policy, the policy was updated by Praxis Care on the 6 November 2014
- Records relating to recruitment process
- Induction procedure
- Records of induction for two staff
- Staff register and associated records
- Staff rota information

Five questionnaires were completed by staff during the inspection and one following the inspection; these indicated that the majority of staff were either satisfied or very satisfied with the following:

- Service users' views are listened to
- The agency's induction process prepared me for my role
- The agency operates in a person centred manner
- Service users receive care and support from staff who are familiar with their needs
- Staff will be taken seriously if they were to raise a concern?

Individual staff comments:

"I feel very satisfied with the care that all service users receive."

"I feel that the service within Chisholm is excellent."

"The staff are very professional."

"The needs of service users are central to practice."

During the inspection questionnaires were circulated to the service users to be completed asking them about various aspects of their care. Six completed questionnaires were returned to the inspector during the inspection and one following the inspection. These indicated that service users were either satisfied or very satisfied with the following.

- The support you receive
- Staff responds to your needs
- Staff help you feel safe and secure here

Individual comments made by service users:

“I am very satisfied with the care I get here, the staff are excellent.”

One service users raised some concerns about the support received. The inspector spoke with this service user at length and it would appear they are working through some personal issues with other professionals and that the staff are aware of the ongoing situation.

5. The Inspection

Praxis Care, Chisholm House, Ballyclare, is registered is a domiciliary type agency (supported living). The range of services is provided by a staff of ten under the direction of the Manager, Ms Jillian Campbell.

Chisholm House provides support and care to seventeen adults experiencing mental health problems, in twelve individual rooms and with six tenants living in the community. These service users require assistance with shopping, cooking, cleaning and daily living tasks.

The Northern Health and Social Care Trust commission these services.

5.1 Review of Requirements and Recommendations from Previous Inspection

The previous inspection of the Chisholm House was an announced care inspection dated 6 October 2014. The completed QIP was returned and approved by the care inspector.

5.3 Theme 1: Staffing Arrangements - suitable staff are supplied to meet the assessed needs of service users

Is Care Safe?

The agency has a recruitment policy and a mechanism in place to ensure that appropriate pre-employment checks are completed and satisfactory. An alphabetical index of all domiciliary care workers supplied or available to work for the agency was maintained.

The agency has a structured induction programme lasting at least three days; this was confirmed by staff interviewed and evidenced in the records of one staff member examined by the inspector. The agency maintains a record of the induction provided to all staff, including details of the information provided during the induction period. Staff are provided with a handbook, and have access to policies, procedures, and guidance.

The agency has a procedure for verifying the identity of all supply prior to their supply, and the registered manager assured the inspector that no staff are supplied unless this procedure is followed.

The agency has a policy and procedure in place for staff supervision and appraisal which details the frequency of both. Records maintained of supervision and appraisal demonstrated that the frequency was in accordance with the agency's policy and procedure.

Overall on the day of the inspection the inspector found care to be safe.

Is Care Effective?

Discussions with the Team Leader and staff indicated that an appropriate number of skilled and experienced persons are available at all times. Examination of staff rotas reflected staffing levels described by the registered manager and staff.

The team leader described the agency's processes to assess the suitability of staff. The inspector viewed a range of documentation which showed how staff are provided with a clear outline of their roles and responsibilities. Staff who took part in the inspection were clear about what the agency expected of them.

Staff who took part in the inspection described the induction as effective in preparing new staff for their role. Records of induction examined supported staff feedback.

The agency's process of evaluating the effectiveness of staff induction was seen within records reviewed by the inspector.

Discussion with staff and the examination of training records provided evidence that the agency has a process in place to identify and respond to training needs.

The agency provides a range of training outside of mandatory training. The staff described a process of re-evaluating and improving training to suit the needs of staff and service users. Staff provided positive feedback about the nature and frequency of supervision and appraisal. Overall on the day of the inspection the inspector found care to be effective.

Is Care Compassionate?

The agency maintains a record of comments made by service users/representatives in relation to staffing arrangements. This was verified by records of staff/rota.

Discussions with staff indicated that service users are prepared in advance of significant staff changes where possible. The staff were aware of the possible impact of staff changes on service users and discussed with the inspector the importance of induction.

The team leader described a process of recruitment undertaken by the agency in order to improve the continuity of staff to service users and minimise the disruption to service users. Induction records seen by the inspector verified that staff receive an induction specific to the needs of service users, this was supported by staff comments.

Agency staff who took part in the inspection clearly described having the knowledge and skills to carry out their roles and responsibilities. Service users confirmed that staff have appropriate knowledge and skills.

Agency staff described how the induction process involves meeting service users and learning about their care needs with another member of staff. The agency's induction process is implemented in a manner which takes into account the consent, privacy and dignity of service users.

Overall on the day of the inspection the inspector found care to be compassionate.

Staff Comments:

"Training is excellent."

"Supervision is one to one and gives you the opportunity to discuss all areas of your work."

"Induction prepares you for your role."

Service user comments:

"The staff are good."

"Staff support me well."

"Staff respect my privacy"

5.4 Theme 2: Service User Involvement - service users are involved in the care they receive

Is Care Safe?

Assessments of need and risk assessments seen by the inspector reflected the views of service users and/or representatives. The inspector saw records of a process involving the service user and/or their representative, the referring HSC Trust and the agency, to ascertain the needs of the service user and their views. This process results in individualised care and support plans seen by the inspector.

There was evidence of positive risk taking in collaboration with the service user and/or their representative. This could be seen throughout a variety of records including risk assessments, care plans, and records of adult safeguarding referrals. Discussion with staff confirmed that they understood the concept of a balance of safety with service user choice. Staff could provide examples of positive risk taking in practice.

Overall on the day of the inspection the inspector found care to be safe.

Is Care Effective?

Records of reviews provided evidence that care is regularly evaluated and reviewed. The agency has a policy of reviewing care and support plans every month or as required. Care and support plans seen by the inspector were written in a person centred manner and included the service users' views. Staff described how care and support plans are written in conjunction with the service user. Records in place provided evidence of this.

Feedback from monthly monitoring reports, minutes of service users' meetings provided examples of how the agency delivers the service in response to the views of service users and/or their representatives. The agency has processes in place to ascertain and respond to the views of service users and their representatives.

Service users have been provided with information relating to human rights in a suitable format.

It was noted that individual care and support plans place importance on the human rights of individuals. Care and support plans are written and reviewed under the following subdivisions:

- *Improved Health*
- *Improved quality of life*
- *Making a positive contribution*
- *Choice and control*
- *Freedom from discrimination and harassment*
- *Emotional wellbeing*
- *Personal dignity*

Overall on the day of the inspection the inspector found care to be effective.

Is Care Compassionate?

Feedback from staff and service users would suggest that service users receive care in an individualised manner. Care plans and agency records are written in a person centred manner.

Service users and/or their representatives are aware of their right to be consulted and have their views taken into account in relation to service delivery. Staff discussed examples of responding to service users' preferences.

Promotion of values such as dignity, choice and respect were evident through discussion with staff and service users. Human rights were explicitly outlined in care plans and were evident throughout other agency documentation such as review records. The individual choices made by service users regarding the way they wish to live their lives were seen in activity programmes, care and support plans and through discussion with service users.

The agency collaborates with the HSC Trust regarding best interest practices for service users where there are capacity and consent issues. The agency's response to complaints and comments made by service users and their representatives shows how individual views are taken into account and responded to.

Overall on the day of the inspection the inspector found care to be compassionate.

Staff Comments:

"Consistency is important."

"Good communication is important."

Service user comments:

"Staff help me solutions to problems."

"One to one work is good as we get to know staff better and they are more effective with me."
