4. Methods/Process

Specific methods/processes used in this inspection include the following:

Prior to inspection the following records were analysed: staffing information, patient consultation report and complaints declaration.

During the inspection the inspector met with Mr Andrew Cullen and Mr Stephen Tillman, registered persons, a dental nurse and a receptionist who is also a registered dental nurse.

The following records were examined during the inspection: relevant policies and procedures, training records, job descriptions, contracts of employment and three patient medical histories.

5. The Inspection

5.1 Review of Requirements and Recommendations from the Previous Inspection

The previous inspection of the practice was an announced care inspection dated 09 January 2015. No requirements or recommendations were made during this inspection.

5.2 Review of Requirements and Recommendations from the last Care Inspection dated 09 January 2015

As above.

5.3 Medical and Other Emergencies

Is Care Safe?

Review of training records and discussion with Mr Cullen, Mr Tillman and staff evidenced that the management of medical emergencies is included in the induction programme and training is updated on an annual basis, in keeping with the General Dental Council (GDC) Continuing Professional Development (CPD) requirements.

Discussion with Mr Cullen, Mr Tillman and staff demonstrated that they were knowledgeable regarding the arrangements for managing a medical emergency and the location of medical emergency medicines and equipment.

Review of medical emergency arrangements evidenced that emergency medicines are provided in keeping with the British National Formulary (BNF). It was observed that the format of buccal Midazolam available was not the format recommended by the Health and Social Care Board (HSCB). Mr Cullen and Mr Tillman were advised that when the current format of buccal Midazolam expires it should be replaced with Buccolam pre-filled syringes in keeping with HSCB guidance.

Review of medical emergency equipment evidenced that in the main emergency equipment as recommended by the Resuscitation Council (UK) guidelines is retained in the practice. It was observed that a self-inflating bag with reservoir suitable for use with children was not available. It was confirmed in an email received on the 22 November 2015 that a self-inflating bag with reservoir suitable for use with children is now available in the practice. A robust system is in place to ensure that emergency medicines and equipment do not exceed their expiry date. There is an identified individual within the practice with responsibility for checking emergency medicines and equipment.

Discussion with staff and review of documentation demonstrated that recording and reviewing patients' medical histories is given high priority in this practice.

On the day of the inspection the arrangements for managing a medical emergency were found to be safe.

Is Care Effective?

The policy for the management of medical emergencies reflected best practice guidance. Protocols are available for staff reference outlining the local procedure for dealing with the various medical emergencies.

Discussion with staff demonstrated that they have a good understanding of the actions to be taken in the event of a medical emergency and the practice policies and procedures.

Discussion with Mr Cullen, Mr Tillman and staff evidenced that there have been no medical emergencies in the practice since the previous inspection.

On the day of the inspection the arrangements for managing a medical emergency were found to be effective.

Is Care Compassionate?

Review of standard working practices demonstrated that the management of medical and other emergencies incorporate the core values of privacy, dignity and respect.

During discussion staff demonstrated a good knowledge and understanding of the core values that underpins all care and treatment in the practice.

On the day of the inspection the arrangements for managing a medical emergency were found to be compassionate.

Areas for Improvement

No areas for improvement were identified during the inspection.

5.4 Recruitment and Selection

Is Care Safe?

There was a recruitment policy and procedure available. The policy was amended during the inspection to include the procedure to be followed in regards to pre-employment checks. The amended policy was comprehensive and reflected best practice guidance.

The practice has not employed any new staff since registration with RQIA and therefore no staff personnel files were reviewed. However, Mr Cullen and Mr Tillman confirmed on discussion that the following information would be retained in the event of any new staff being recruited:

- positive proof of identity, including a recent photograph
- evidence that an enhanced AccessNI check was received prior to commencement of employment
- two written references
- details of full employment history, including an explanation of any gaps in employment
- documentary evidence of qualifications, where applicable
- evidence of current GDC registration, where applicable
- criminal conviction declaration on application
- confirmation that the person is physically and mentally fit to fulfil their duties and
- evidence of professional indemnity insurance, where applicable

A staff register was retained containing staff details including, name, position; dates of employment; and details of professional qualification and professional registration with the GDC, where applicable. The staff register was amended during the inspection to include dates of birth. Mr Cullen and Mr Tillman are aware that the staff register is a live document and should be kept up-to-date.

Mr Cullen and Mr Tillman confirmed that a robust system is in place to review the professional indemnity status of registered dental professionals who require individual professional indemnity cover. A review of a sample of records demonstrated that the appropriate indemnity cover is in place.

On the day of the inspection recruitment and selection procedures were found to be safe.

Is Care Effective?

The dental service's recruitment and selection procedures comply with all relevant legislation including checks to ensure qualifications, registrations and references are bona fide.

Induction programme templates are in place relevant to specific roles within the practice. Mr Cullen and Mr Tillman confirmed that induction programmes would be completed when new staff join the practice.

Discussion with Mr Cullen and Mr Tillman confirmed that staff have been provided with a job description, contract of employment/agreement and have received induction training when they commenced work in the practice.

Discussion with staff confirmed that they are aware of their roles and responsibilities.

Clinical staff spoken with confirmed that they have current GDC registration and that they adhere to GDC CPD requirements.

On the day of the inspection recruitment and selection procedures were found to be effective.

Is Care Compassionate?

Review of recruitment and selection procedures demonstrated good practice in line with legislative requirements.

Recruitment and selection procedures, including obtaining an enhanced AccessNI check, minimise the opportunity for unsuitable people to be recruited in the practice. Mr Cullen and Mr Tillman are aware of the procedure to be followed in regards to undertaking enhanced AccessNI checks and the handling of AccessNI checks.

Discussion with staff demonstrated that they have a good knowledge and understanding of the GDC Standards for the Dental Team and the Scope of Practice.

Discussion with staff demonstrated that the core values of privacy, dignity, respect and patient choice are understood.

On the day of the inspection recruitment and selection procedures were found to be compassionate.

Areas for Improvement

5.5 Additional Areas Examined

5.5.1 Staff Consultation/Questionnaires

During the course of the inspection, the inspector spoke with Mr Cullen, Mr Tillman, registered persons, a dental nurse and a receptionist who is also a registered dental nurse. Questionnaires were also provided to staff prior to the inspection by the practice on behalf of the RQIA. Four were returned to RQIA within the timescale required.

Review of submitted questionnaires and discussion with staff evidenced that they were provided with a job description and contract of employment/agreement on commencing work in the practice. Staff also confirmed that induction programmes are in place for new staff which includes the management of medical emergencies. Staff confirmed that annual training is provided on the management of medical emergencies.

A comment included on a submitted questionnaire is as follows:

- “Very well run practice”

5.5.2 Complaints

It is not in the remit of RQIA to investigate complaints made by or on the behalf of individuals, as this is the responsibility of the providers. However, if there is considered to be a breach of regulation as stated in The Independent Health Care Regulations (Northern Ireland) 2005, RQIA has a responsibility to review the issues through inspection.

A complaints questionnaire was forwarded by RQIA to the practice for completion. The returned questionnaire indicated that no complaints have been received for the period 1 January 2014 to 31 March 2015.

5.5.3 Patient Consultation

The need for consultation with patients is outlined in The Independent Health Care Regulations (Northern Ireland) 2005, Regulation 17 (3) and The Minimum Standards for Dental Care and Treatment 2011, Standard 9. A patient consultation questionnaire was forwarded by RQIA to the practice for completion. A copy of the most recent patient satisfaction report was submitted to RQIA prior to the inspection.

Review of the most recent patient satisfaction report demonstrated that the practice pro-actively seeks the views of patients about the quality of treatment and other services provided. Patient feedback whether constructive or critical, is used by the practice to improve, as appropriate.

No requirements or recommendations resulted from this inspection.
